Handcrafted Mica Shades

[Enlarge](#) Mica Shades [Details](#)

We're happy to introduce a new line of shades perfect for lamps, chandeliers, pendant lights, or sconces. This original design by Pat Fillman captures the warm translucence of mica in an attractive laser cut steel frame.

Our mica shades are perfect with our antler or wagon wheel lights and we also sell them separately. We now offer two mica colors: bronze or silver. The steel frames are available with glossy black, flat black, painted rust, gunmetal, oil-rubbed bronze, flat dark brown, or old-fashioned rust finishes. We offer them in three sizes and they come with our **100% satisfaction guarantee**. Also see **decorated mica shades below...**
